-----------	-------	----------	---------	---------	---------	-------	------	--	--	--	--	----------

[redacted] a new jet propelled plane of 16 meters in length has been put out. It is said to have a speed of 3000 Km an hour. A former model of 9 meters in length (same speed potential) did not stand up to the tests. These are based on old German inventions.

50X1-HUM

Comment: It is reported that the Siebel Works were later dismantled for shipment to the U.S.S.R.
